Absolutely amazing job done on my daughter the lady took her time and did each curl by hand and at an amazing price
-Agathe

The students did a great job with styling my hair and the facial experience. Staff do a great job overseeing the work the students do so that they can learn how to keep the customers happy and comfortable. Today was my first visit and I was impressed.
-Roselyn

Always a pleasant experience and an affordable cut. I've recommended this place to so many people and have been coming here for years. The students and teachers alike are always very friendly and nice. I've been to other beauty schools in the area before and vastly prefer this one because of how nice and friendly all the staff always are.
-ML

I have gone to many hairdresser over the years. Only a handful has been so attentive and listened to how I liked my hair highlighted and toned. The student and teacher at Oxford academy was very clarifying in answering my questions I had about the type of coloring and how I wanted my hair framed around my face for highlighting. I would go again. Happy and satisfied.
