## **Compensation a Graduate may expect**

Information gathered by NACCAS Job Demand Survey

<http://pcec.edu/2013/10/05/naccas-job-survey/>

National average salary (NOT including tips):

Cosmetologist = \$38,843

Hair Colorist = \$46,402

Massage therapist = \$33,738

Nail Technician = \$33,148

Skin care/Esthetician = \$40,126

(includes average of full time, part time and low time salaries for professionals at specialized salons) Licensed cosmetologists provide a variety of personal services that help clients look and feel their best. These services primarily include the care and treatment of hair, nails and skin. It can also involve consultations on health and wellness (such as diet and nutrition, fitness and health and wellbeing).

The demand for cosmetologists: In January **2007**, there were **1,682,641 professionals** employed in the nation's 370,215 beauty salons, barber shops, skin care salons and nail salons. The typical salon is a small full service salon with 5 stations, 3 full-time professionals and 2 part-time professionals. Salon owners report an average of 127 clients per week.

**The salon industry is a job-seekers market.** "Salon owners reported 484,660 job openings were filled during 2006. This represents an average of 1.3 openings per salon. Nearly 40 percent of all new positions were filled by inexperienced workers." "Even with significant levels of hiring, **nearly three-quarters** of the salons that tried to fill positions were **not able to find qualified applicants**. The supply of skilled professionals in the industry continues to fall short of the demand. This is a chronic shortage that has been reported in earlier surveys of the cosmetology industry." **"The cosmetology industry employs individuals in every town and city in the country.** No community exists without barbershops and hair salons. They range from single chair operations to large salons with dozens of workstations."

"The salon industry employs nearly 1.7 million professionals, over half of whom are fulltime experienced employees who work as cosmetologists. While these professionals tend to move around within the industry, there were more vacated positions in 2006 than well-prepared entrants to fill the positions. A sizeable number of employees (27 percent) leave each year with plans to open their own salon, work from their home, or rent a booth and become independent contractors. **This suggests that the industry provides the option to start one's own business.**"

"The data lead us to believe that growth in the industry is constrained by too few new entrants to the profession. **Demand for**

**cosmetology services is estimated to expand at least at the same rate as the growth of the population."**

Other key findings:• 56% of salon employees work full-time, 31% part-time (20-35 hours) and 13% work less than 20 hours.

It is the responsibility of the student to make up any absenteeism (sick days, vacation days, snow days, etc) prior to their scheduled graduation date.

## **Excused Absence, Tardy And Make-Up Policies**

Student hours and operations once properly earned by the student will not be taken away from the student records based on disciplinary actions by the school. Clock-in time is to the exact minute.

An absence may be excused by calling-in the same day prior to the beginning of class or filling out a request form prior to the date. If a student is absent 3 or more consecutive days and/or continually late, they must present a doctor's note or other excusable documentation.

Students must follow their contracted schedule. Arrival time is 9am for day students and 5pm for night students. Students must arrive by 9:05am (day students) or 5:15pm (night students) in order to clock-in

and enter theory class. The front door will be locked at 9:05am (day theory Tuesday - Friday) and 5:15pm (night theory on Tuesdays). Day students who arrive after 9:05 am must wait until theory ends and the front door is opened at 10:30am. Students arriving late must be clocked in by 10:35am (day students) or 5:15pm (night students) in order to attend school for the day. If students need to arrive later than 10:30 (day students) or 5:15 (night students) they must call the office or have previously filled out a request form to be approved. All students must report to school by 9am on Saturdays. Arriving late and/or leaving early are not permitted on Saturdays unless medical/emergency circumstances arise, or date/time previously requested by the student and approved by the office.

Students continually arriving late may face disciplinary action including, but not limited to: being sent home and/or written warnings.

Students are required to make-up for the lessons and exams missed due to absenteeism within two weeks from original time of assignment or test. However, the make-up work by the student will not provide credit for hours or operations if not physically performed within the school premises. If the student has missed a test due to unexcused absence or tardy, he/she will lose 10 points on the test once it has been made up.

Students will be allowed to make up hours during times the school is open. Day students may make up hours on Tuesdays and Fridays until 5pm, Wednesdays and Thursdays until 9pm. Students making up hours on Wednesdays and Thursdays **MUST** stay until 9pm unless previously approved by administration to leave earlier than 9pm.

Night students may make up hours Tuesday, Wednesday, Thursday starting at 10:30am. Once clocked in for the day they must follow the schedule as stated unless previous approval has been given by administration to leave early. Night students wishing to make up hours on Fridays must follow the schedule for Fridays as if they were a day student.

Both day and night students must follow school policy and the curriculum that is scheduled during their make-up hours. Making up hours is a privilege and is something offered by Oxford Academy of Hair Design to help students graduate on time.

**If the student is absent 14 consecutive days including weekends, not including holidays that may fall during the 14 days, the school will withdraw her/him.** The instructor in charge or administrative staff will review excessive tardiness or absences with the student to determine possible corrective action to the issue on hand.

### **Change of Schedule** (added to enrollment agreement)

Student may request, in writing, to the administrator changes in their schedule which would affect their graduation date. Administrator will review the request and approve or deny the request. Students must show a hardship through evidence to support the requested change (example- letter from employer). Students may not request Saturday's off unless the original contract approved Saturday's off, (unless proof of hardship is documented). Students may only request a change of schedule once for the duration of their enrollment. If the graduation date is changed, on the change of schedule, the new graduation date is considered a contractual graduation date and change of schedule is considered an addendum to the enrollment agreement.

### **Request Forms**

There are request forms located in the classroom for students to submit requests for days off, days late/leaving early, hours earned, student advising, meeting with the administrator, and any other request needed. These forms can be submitted to any instructor and are permanently placed in the student's file. Telling an instructor verbally that you will be out or late will not excuse your absence or other hours missed. **All requests must be documented on this form.**

### **Satisfactory Academic Progress Policy & Grading Policy**

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

### **EVALUATION PERIODS**

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1200 clocked (actual) hours
Esthetics	300, 600 clocked (actual) hours

\*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

### **ATTENDANCE PROGRESS EVALUATIONS**

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

### **MAXIMUM TIME FRAME**

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

### **COURSE MAXIMUM TIME ALLOWED WEEKS SCHEDULED HOURS**

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

### **ACADEMIC PROGRESS EVALUATIONS**

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90 - 100 EXCELLENT

80 - 89 VERY GOOD

70 - 79 SATISFACTORY

69 – below – BELOW SATIFACTORY

#### **DETERMINATION OF PROGRESS STATUS**

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

#### **WARNING**

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

#### **PROBATION**

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while

during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

### **RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS**

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

### **INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS**

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

### **APPEAL PROCEDURE**

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal

documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

### **NONCREDIT, REMEDIAL COURSES, REPETITIONS**

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

### **TRANSFER HOURS**

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Suspension for up to three consecutive school days may be imposed for such proven misconduct as intentional violation of attendance, cell phone or other violation, insubordination, disregard for safety rules, fighting, or drinking alcohol on the premises. These examples do not limit the schools use of suspension in other appropriate circumstances, such as the need to investigate a serious incident. Oxford Academy of Hair Design is committed to providing a working and educational environment for all students, faculty and staff that is free from sex discrimination, including sexual misconduct. Sexual misconduct includes sexual assault, sexual harassment and exploitation, domestic violence, dating violence and stalking. Every member of the school community should be aware that the Academy is strongly opposed to sexual misconduct, and that such behavior is prohibited by state and federal laws.

The Academy's Sexual Misconduct Policy describes the Academy's programs to prevent sexual misconduct, and the procedures that the Academy will follow once an incident of sexual misconduct has been reported. This Policy is disseminated widely to the Academy community through publications, the Academy website, new employee orientations, student orientations, and other appropriate channels of communication. Copies of the Policy can be obtained from the Administrator in-person or by calling (203) 286-4533, or downloading from the Academy's website at [www.oxfordhairacademy.com](http://www.oxfordhairacademy.com). The

Academy provides training to key staff members to enable the Academy to handle any allegations of sexual misconduct promptly and effectively. The Academy will respond quickly to all reports of sexual harassment, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

The Academy's Sexual Misconduct Policy governs sexual misconduct involving students that occurs on any Academy property or in connection with any Academy-sponsored program or event. This Policy applies to all students, employees, and third parties conducting business with the Academy, regardless of the person's gender, gender identity, sexual orientation, age, race, nationality, class status, ability, religion or other protected status. The Academy encourages victims of sexual violence to talk to somebody about what happened – so victims can get the support they need, and so the Academy can respond appropriately. As further described in the Policy, the Academy will seek to respect a victim's request for confidentiality to the extent possible, while remaining ever mindful of the victim's well-being.

## **DRUG FREE SCHOOL POLICY**

The Oxford Academy of Hair Design believes that it is very important to provide a safe environment for all of its students and Team Members. Substance abuse, while at work, school or otherwise, seriously endangers the safety of students and Team Members, as well as the general public, and creates a variety of problems including increased theft, decreased morale, decreased productivity, and a decline in the quality of services provided. It is also our Policy to prevent the use and/or presence of these substances in the school. The Oxford Academy of Hair Design will strive to provide an environment conducive to making conscientious and healthy decisions when students are faced with difficult choices associated with the use of legal and illegal drugs.

It is a violation of school policy for any student to:

- Use illegal drugs or misuse prescription drugs;
- Misuse alcohol;
- Possess, trade, manufacture, distribute, dispense, buy or offer for sale alcohol, illegal and/or prescription drugs while on duty, during break periods, or on school property;

- Arrive or return to school intoxicated from use of illegal drugs, misused prescription drugs or alcohol;
- Engage in the use of illegal drugs, misuse of prescription drugs or alcohol during school hours or while on school property (including parking lots);
- Use prescription drugs or non-prescription drugs that may affect the safety of the student or fellow students, and members of the public;
- Have tampered or attempted to alter or attempt to interfere with the testing procedure; or
- Otherwise has refused to be tested.

For the purpose of this Policy, a student is presumed to be under the influence of drugs and/or alcohol if a urine test, blood test or other scientifically acceptable testing procedures shows a forensically acceptable positive quantum of proof of drugs and/or alcohol usage.

Any student who is taking any prescription or non-prescription drug which might impair safety, performance, or any motor functions must advise his/her Instructor or the Administrator before providing services under such medication.

Students are individually responsible for being aware of applicable laws, regulations, ordinances, and the Academy's policy for complying with them. The Oxford Academy of Hair Design will assist in that endeavor by providing current information on an ongoing basis to all students.

### **Drug & Alcohol Testing Reasonable Suspicion Testing:**

Reasonable suspicion testing will occur when an Instructor or the Administrator has reason to suspect that a student may be in violation of this Policy. The suspicion must be documented in writing within 24 hours of the event or prior to the release of the test findings. Reasonable suspicion testing may be based upon, among other things:

- Observed behavior, such as direct observation of drug/alcohol use or possession and/or the physical symptoms of drug and/or alcohol use;
- A pattern of abnormal conduct or erratic behavior;
- Arrest or conviction for a drug-related offense, or the identification of a student as the focus of a criminal investigation into illegal drug possession, use, or

trafficking. The student is responsible for notification of the Oxford Academy of Hair Design within five (5) business days, of any drug-related conviction;

- Information provided either by reliable and credible sources or independently corroborated regarding a student's substance use; or
- Newly discovered evidence that the student has tampered with a previous drug or alcohol test.

Reasonable suspicion testing does not require certainty, but mere "hunches" are not sufficient to justify testing. To prevent this, all instructors will be trained in the recognition of drug and alcohol-related signs and symptoms. Testing may be for drugs or alcohol or both.

### **Reasonable Search:**

To ensure that illegal drugs and alcohol do not enter or affect the school, the Oxford Academy of Hair Design reserves the right to search all vehicles, containers, lockers, or other items on school property in furtherance of this Policy. Individuals may be requested to display personal property for visual inspection upon the Academy's request. Searches will be conducted only where the Oxford Academy of Hair Design has reason to believe that the student has violated the Academy's Policy. Failure to consent to a search or display of personal property for visual inspection will be grounds for discipline, up to and including termination from the program or denial of access to school premises. Searches of a student's personal property will take place only in the student's presence. All searches under this Policy will occur with the utmost discretion and consideration for the student involved. Individuals may be required to empty their pockets, but under no circumstances will a student be required to remove articles of clothing to be physically searched.

### **Student Assistance:**

The Oxford Academy of Hair Design holds all students accountable in terms of substance use but also supports getting help for students. Students who come forward voluntarily to identify that they have a substance problem will not be reprimanded. It is important for the student to come to an understanding regarding the extent of the problem in order to correct the problem and be able to avoid future usage in violation of the Academy's Policy. This is required in order to correct the problem and be able to avoid violating the Academy's Policy in the future. If the student is willing to actively engage in resolving

the substance use problem, the Academy will refer the student to a Substance Abuse Professional for an assessment and possible outpatient counseling at the student's expense. This leave will be conditioned upon receipt of reports from the treatment providers that the student is cooperating and making reasonable progress in the treatment program. The student will be permitted to return to school only if (s)he passes a drug /alcohol test and has satisfactory medical evidence that (s)he is fit for attendance.

This protection does not cover a student who confesses a problem after an incident or accident that requires a substance use test, or after being notified that a reasonable suspicion test is required.

### **Specimen Collection, Testing, and Results:**

Testing shall be conducted by a trained collection person, who meets quality assurance and chain-of-custody requirements. A student who tests positive will be given an opportunity to explain the findings to the testing professional reviewing the test results. If it is proven the substances are medically necessary to the standards of the testing professional, the test result will be negative. A failure on the part of the student to provide such evidence will result in the issuance of a positive report.

All records of drug/alcohol testing will be stored separately and apart from the student's general files. These records shall be maintained under lock and key at all times. Access is limited to designated officials. Those designated officials that shall have access to these records are charged with the responsibility of maintaining the confidentiality of these records.

### **Disciplinary Action:**

Violation of this Policy will result in the student's immediate termination. Re-admittance may be considered after 60 days. To be considered for re-admittance, the student must provide proof of having satisfactorily attended treatment that is provided by a Substance Abuse Professional (SAP) and/or prescribed by a SAP and completed a drug and/or alcohol test, determined by which test was previously positive, with a negative test result. If the student is re-admitted, (s)he must complete the prescribed follow-up testing by the SAP or by law, as applicable, to continue attending the Oxford Academy of Hair Design. Treatment and follow-up testing will be at the expense of the student. The Oxford Academy of Hair Design may terminate a student who has

entered a rehabilitation program for violations of the Drug Free School Policy or any other school policy in accordance with the procedures set forth in the Student Catalog.

**Confidentiality:**

All information, interviews, reports, statement memoranda and drug test results, written or otherwise, received by the Oxford Academy of Hair Design as part of this drug testing program are confidential communications. Unless authorized by state laws, rules or regulations, the Academy will not release such information without a written consent form signed voluntarily by the person tested. Information on drug testing results will not be released unless such information or records are compelled by a court or a professional or occupational licensing board.

**Biennial Review:**

The Academy will review the drug and alcohol prevention program every two years. Any recommendations/data and or assistance available to substance abusers will be updated and distributed to all students and staff of the Academy.

**Notice of Federal Student Aid (FSA) Penalties for Drug Law Violations:**

The Higher Education Opportunity Act requires institutions to provide to every student upon enrollment a separate, clear and conspicuous written notice with information on the penalties associated with drug-related offenses under existing section 484(r) of the HEA. It also requires an institution to provide a timely notice to each student who has lost eligibility for any grant, loan, or work-study assistance as a result of penalties under 484(r)(1) of the HEA a separate clear, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility under section 484(r)(2) of the HEA. Students are hereby notified that federal guidelines mandate that a federal or state drug conviction can disqualify a student for Federal Student Aid funds. Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV aid—they do not count if the offense was not during such a period. Also, a conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when he/she was a juvenile, unless the student was tried as an adult.

The Higher Education Act of 1965 as amended (HEA) suspends aid eligibility for students who have been convicted under federal

or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). If you have a conviction(s) for these offenses, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) to complete the "Student Aid Eligibility Worksheet" to find out how this law applies to you.

If you have lost federal student aid eligibility due to a drug conviction, you can regain eligibility if you pass two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education.

By completing the FAFSA, you may be eligible for nonfederal aid from states and private institutions even if ineligible for Federal Aid. If you regain eligibility during the award year, notify your financial aid administrator immediately. If you are convicted of a drug-related offense after you submit the FAFSA, you might lose eligibility for federal student aid, and you may be liable for returning any financial aid you received during a period of ineligibility.

### **School Flexibility:**

## **Leave of Absence (LOA) Policy**

Oxford Academy of Hair Design requires that all requests for a leave of absence be submitted, in advance, in writing, including the reason for the student's request and include the date and the student's signature. The leave of absence must be approved by Oxford Academy of Hair Design. The school reserves the right to approve or deny a request for a leave of absence.

Leave of absences must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal.

The LOA policy requires advance written request unless unforeseen circumstances prevent the student from doing so, for example, a car accident or injury prevented student from coming in prior to the leave of absence. The school may grant the LOA but may require proof of the unforeseen circumstance to approve this leave of absence. The beginning date of the approved LOA would be the first date the student was unable to attend Oxford Academy of Hair Design because of the accident or injury.

- There must be a reasonable expectation that the student will return from the LOA.
- The student will not be charged for any additional institutional charges as a result of the LOA.
- The LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12-month period.
- A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.
- Oxford Academy of Hair Design will extend the student's contract period by the same number of days taken in the LOA. The contract period on the enrollment agreement will be updated to reflect the leave of absence addendum and will be signed and dated by all parties.
- If Approved, the student will receive a copy of the leave of absence with the return date stated.
- If the student does not return from the LOA the student will be withdrawn and the withdrawal date for the purpose of calculating a refund is always the student's last day of attendance.
- If the student does not return by the expected date of return, the student must file an extension and must be submitted Prior to the expected date of return.
- The school may request a certificate or statement from the student's physician establishing the student's physical need for the leave of absence.

- A student returning to school from a leave of absence in the case of serious illness, injury or pregnancy will present a certificate or statement from the student's physician indicating that the student is able to return to school.

## **Family Educational Rights and Privacy Act**

Family Policy Compliance Office (FPCO) Home

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects

the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

*FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."*

- **Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.**
  
- **Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.**
  
- **Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):**
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;

- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. For additional information or technical assistance, you may call (202) 260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339. ## **Physical Demands of the Profession:**

Generally, the professional in the beauty field must be in good physical health since he/she will be working in direct contact with patrons. In most aspects of the beauty field there is a great deal of standing, walking, pushing, bending and stretching for extended periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive physical demands.

We promote the acceptance of students with physical limitations or disabilities if these students (their parents or physician) believe they can fulfill the training demands.

## **Campus Safety and Security**

Oxford Academy of Hair Design is under 24 hour surveillance and is protected by an alarm/emergency system. The school is equipped with emergency lighting and emergency exits. There are fire extinguishers located at several locations throughout the school. We have an emergency alert notification system that will text students about alerts and school closings.

**Criminal actions**, police emergencies, fire emergencies, and requests for ambulance service should be reported to your instructor, administrator, report by telephoning 911; or by using the alarm touchpad located at the front door. Police non-emergencies can be reported by telephoning 203-881-7600.

**Crime Reporting:** Students, staff, and faculty are encouraged to report any criminal or suspicious activity to the Administrator, and are made aware of the need for everyone to be responsible for their own security and the security of others. When a person files a complaint or applies for assistance, all pertinent information is obtained and is officially documented in an incident report. All incident reports are maintained on file in the Administrators office. Reports are acted upon in a judicious manner consistent with departmental procedure. When criminal incidents occur that require multijurisdictional investigation, all applicable agencies are notified.
