

Safety & Security Information

Campus Security Procedures

Campus safety and security are important issues at the Oxford Academy of Hair Design. Our goal is to provide students with a safe environment in which to learn and to keep students, parents, and employees well informed about campus security. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or Clery Act, requires institutions of higher education to provide students and families with the information they need to make informed decisions. The following policies and procedures are established to comply with the Clery Act.

A. Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Administrator constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The Administrator will immediately notify the Academy community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring at the Academy, unless issuing a notification will compromise efforts to contain the emergency. The warning will be issued through the most effective and efficient means available and may include instant messaging to students and Academy employees. Notices may also be posted in the common areas throughout the Academy. Anyone with information warranting a timely warning should report the circumstances to the Administrator by phone at (203) 888-0097 or in person at the Academy.

B. Reporting the Annual Disclosure of Crime Statistics

The Academy prepares this report to comply with the Clery Act. The full text of this report can be located on our web site at: www.oxfordhairacademy.com/#!campus-safety/qjox2

. This report is prepared in cooperation with the local law enforcement agencies around our campus.

Campus crime, arrest and referral statistics include those reported to the Seymour Police, designated campus officials (including but not limited to the Administrator), and other law enforcement agencies.

Each year notification is made to all enrolled students and employees that provides the web site to access this report. Copies of the report may also be obtained in person from the Administrator or by calling (203) 888-0097. All prospective employees may obtain a copy from the Administrator in-person or by calling (203) 888-0097.

C. Reporting of Criminal Offenses

The Oxford Academy of Hair Design encourages anyone who is the victim or witness to any crime or other emergency to report the incident as soon as possible. Contact the Administrator at (203) 888-0097 (non-emergencies) or dial 9-1-1 (emergencies only). Any suspicious activity or person seen loitering inside or around the Academy buildings should be reported to the Administrator

For off campus options you may contact the Seymour Police Department at (203) 881-7600 for non-emergencies. You should always dial 9-1-1 for emergency situations.

The Seymour Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the Seymour Police Department cannot hold reports of crime in confidence.

D. Confidential Reporting

The Oxford Academy of Hair Design encourages anyone who is the victim or witness to any crime to report the incident as soon as possible. All reports will be investigated. The Academy does not have procedures for voluntary, confidential reporting of crime statistics. Violations of the law will be referred to the Seymour Police

Department. When a potentially dangerous threat to the Academy community arises, timely reports or warnings will be issued through email messages, text messages, the posting of flyers in the Academy buildings, in-class announcements, or other appropriate means.

E. Access Policy

During business hours, the Academy will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all Academy facilities is by key and security code, if issued, or by admittance via the Administrator. Emergencies may necessitate changes or alterations to any posted schedules.

F. Campus Security Authority and Jurisdiction

The Academy's administration attempts to provide a safe, secure educational environment for all students and employees. The Academy does not provide security guards on its campus premises. The ultimate authority for law enforcement at the Academy is the local police department. The Academy does not have any written agreements with local police departments for the investigation of alleged criminal offenses. Academy officials have the authority to contact the local police to request assistance in preventing or reacting to crime within or in the immediate vicinity of school facilities. The Administrator is the Academy's coordinator of security issues. The individuals mentioned above are not authorized to arrest individuals but do have the authority to detain suspected criminal offenders if it is deemed safe to do so. The administration at the Oxford Academy of Hair Design has a strong, working relationship with the local police and work in partnership to offer students and employees the safest possible environment.

G. Security Awareness Programs

All new enrolled students participate in a general Academy orientation class. During the orientation class, the need and procedure of reporting emergencies and criminal activities, campus security measures and crime prevention is discussed. Similar information is presented to new employees. In addition, information is disseminated to students and employees through tips posted in the Academy buildings, in-class announcements, and announcements through social media.

H. Criminal Activity Off Campus

The Oxford Academy of Hair Design does not provide law enforcement services to off-campus activities on behalf of the Academy.

I. Emergency Response Preparation and Evacuation

The Administrator has overall responsibility for coordinating and implementing the Emergency and Response Evacuation Plan. The Administrator will ensure that the Academy's emergency evacuation procedures have been informed to the students and staff. The Administrator will conduct fire drills annually which may be both announced and unannounced. Feedback from these drills will be used to determine the modifications necessary to the evacuation plans.

Evacuation Procedure. Evacuation should take place if it is determined that it is safer outside than inside the building (fire, explosion, intruder) and staff, students and visitors can safely reach the evacuation location without danger.

The Administrator will call or designate another to immediately call public safety (911) (police, fire and emergency responders) to give notice the Academy has been evacuated. The Administrator will communicate the need to evacuate the building to the occupants by activating the fire alarm or by in-class announcements. The Administrator will determine evacuation routes based on location of the incident and type of emergency, and communicate changes in evacuation routes based on location and type of emergency. The Administrator will communicate when it is safe to re-enter the building.

Academy team member responsibilities:

- Instruct students and guests to exit the building using the designated emergency exit routes or as directed by the Administrator. Emergency exit routes should be diagramed on the school floor plan drawing posted near the light switch inside each room.
- Use a secondary route if the primary route is blocked or hazardous.
- Help those needing special assistance.
- Do not lock classroom doors when leaving, close door and turn off lights.
- Do not stop for student or staff belongings.
- Take class roster, phone lists, first-aid kit and other emergency supplies with you. Check the bathrooms, hallways and common areas for visitors, staff or students while exiting.
- Go to designated evacuation assembly area (minimum of 50 feet from building is required in fire evacuation and 300 feet from building for bomb threat, chemical spill inside building, or other directed evacuations).
- When outside the building, check for injuries.
- Account for all students. Immediately report any missing or injured students to the Administrator.
- Wait for additional instructions.

Lockdown Procedure. Lockdown is the initial physical response to provide a time barrier during an active shooter/intruder event. Lockdown is not a stand-alone defensive strategy. When securing in place, this procedure should involve barricading the door and readying a plan of evacuation or counter tactics should the need arise.

The Administrator will make an announcement that the Academy is experiencing an emergency situation and that it is now under lockdown. The Administrator will designate staff to call 9-1-1, identify the name and address of the Academy, describe the emergency, state the Academy is locking down, and provide intruder description and weapon(s) if known. The Administrator will instruct staff to stay on the phone to provide updates and additional information.

Academy team member responsibilities:

- Clear the hallway and bathrooms by your room, moving everyone into the classroom.
- Lock your doors.
- Move any large objects in front of the door to barricade door. All moveable items such as chairs should be used as well.
- Take attendance and be prepared to notify the Administrator or local law enforcement of missing students or additional students, staff or guests sheltered in your classroom.
- Do not place students in one location within the room. In the event that entry is gained by a shooter or intruder, students should consider exiting by running past the shooter/intruder.
- Staff and students may utilize methods to distract the shooter/intruder's ability to accurately shoot or cause harm, such as loud noises or aiming and throwing objects at the shooter/intruder's face or person.
- Allow no one outside of the classroom until the Administrator or local law enforcement gives the "All Clear" signal unless a life-threatening situation exists and a means to safe exit is available (through a window or other safe passage).
- If students and Academy personnel are outside of the school building at the time of a lockdown, Academy personnel will move students to the designated off-site assembly location.

Shelter-In-Place Procedure. The shelter-in-place procedure provides a refuge for students, staff and the public inside the school building during an emergency. Shelters are located in areas of the building that maximize the safety of occupants. Shelter-in-place is used when evacuation would place people at risk. Shelters may change depending on the emergency.

The Administrator will announce that the Academy is experiencing an emergency situation and needs to implement shelter-in-place procedures. Students, guests and staff will be directed to move to the designated shelter locations in the Academy. All students, guests and staff outside will be directed to immediately move to an inside room.

The Administrator and Academy staff will instruct Academy staff to close all windows and doors and, if warranted, order the shut-off of heating, ventilation and air conditioning systems to stop the inflow of outside air into the building. The Administrator will also designate staff to monitor radio, Internet, and other media for information on incident conditions that caused the shelter-in-place. The Administrator will contact and consult with public safety officials as appropriate, and be prepared to announce additional procedures due to changing conditions of the incident, or to announce an "All Clear".

Academy team member responsibilities:

- Move students into designated safe areas such as inside rooms with no windows, bathrooms, utility closets or hallways without large windows or doors.
- Close classroom doors and windows when leaving.
- Have everyone kneel down and be ready to cover their heads to protect from debris, if appropriate.
- All persons must remain in the shelter until notified by the Administrator or public safety official that it is safe to exit.

Bomb Threat Procedure. The Academy has developed these procedures to protect staff, students, guests and Academy property in the event of a communicated threat regarding the presence of destructive devices on Academy property. This may include any explosive device of an incendiary, chemical, biological, or radioactive nature. A bomb threat will result in law enforcement and other safety and emergency services responding to the scene.

Once law enforcement arrives, it is critical to follow the instructions of, and cooperate with, the law enforcement officers who will have jurisdiction over the scene. The Academy is a crime scene and will require a thorough search and processing.

Staff who received a message that a bomb has been placed in the Academy should:

- Make a record of the exact wording of the threat.
- Ask in a clear and calm voice: Where the bomb is located; What does it look like; What materials are in the bomb (type of bomb); How is it activated; When will the bomb explode; Who is calling, name and address; Did you place the bomb; Why are you doing this.
- If the threat is made by phone, listen closely to caller's voice and speech patterns and to noises in background. Make a record of that information.
- If the threat is made by phone and the caller hangs up, immediately dial *57 to trace the call.
- Notify the Administrator and/or call 911.

The Administrator will notify law enforcement, fire and emergency services by calling 911 if not already notified. The Administrator will assign staff to meet and brief emergency responder agencies. The Administrator will notify staff and students that a building emergency is in effect, and that all staff and students should remain in their rooms until advised otherwise. If a suspicious item is located, the Administrator will determine if evacuation procedures should be activated, selecting routes and assembly areas away from the suspicious item. **THE ADMINISTRATOR WILL NOT ACTIVATE THE FIRE ALARM.** The Administrator should determine if further response should await arrival of law enforcement and other emergency services.

Once emergency responders are on scene, decisions must be made to:

- Evacuate immediately, if this has not already occurred and if warranted, selecting routes and assembly areas away from the suspicious item. **DO NOT ACTIVATE THE FIRE ALARM.**
- Speak to staff who received the threat and obtain information.
- Search the building.
- If a search is to be conducted, assemble and brief a search team at the interior command post. Assign search areas within the building, the emergency exit routes and the outside assembly areas.
- If a suspicious item is located, order an evacuation, if that has not already occurred.
- No one may re-enter the building(s) until fire or police personnel declare it is safe to do so.
- After consulting with local law enforcement, the Administrator shall determine if staff and students should be relocated to an alternative safe site.

- If danger is over, the Administrator will notify staff, students and guests of the termination of the emergency and to resume normal operations.

If an evacuation occurs, students, guests and staff must be evacuated to a safe distance outside of school building(s).

Academy team member responsibilities:

- Check classrooms, offices and work area for suspicious items and report any findings to the Administrator. If a suspicious item is found-DO NOT TOUCH IT. Secure the area where the item is located.
- Account for students and be prepared to evacuate if ordered.
- Evacuate using standard procedures and exit routes to assembly area. Open classroom windows and leave classroom doors open when exiting. Take roll after being evacuated. Be prepared to report the names of any missing persons to school administration.
- Keep students together at the assembly area until given further instructions. Be prepared to go to off-site relocation if ordered.
- If given the “All Clear” signal, return to the building and resume normal operations.

Fire Response Procedure. The Academy has a policy and procedures governing fire drills and conducts fire drills as required by law. All staff are trained on how to respond in the event of a fire.

Any staff discovering fire or smoke will activate the fire alarm, and report the fire to the Administrator, or call 911 if conditions require and/or injured are in need of medical assistance. Staff, students and visitors will immediately evacuate the building using prescribed routes or alternate routes to the assembly areas.

No one may re-enter building(s) until it is declared safe by the fire department.

Once the fire department arrives, it is critical to follow the instructions of, and cooperate with, the fire department personnel who have jurisdiction at the scene.

The Administrator will call or direct staff to call 911 to confirm the alarm is active, identify the Academy name and location, provide exact location of the fire or smoke, if any staff or students are injured, and state the building is being evacuated. The Administrator will ensure that staff, students and visitors immediately evacuate the building using prescribed routes or alternate routes due to building debris to the assembly areas. Assembly areas may need to be relocated because of the building collapse or unsafe areas from the fire. The Administrator will designate staff to obtain student roll from instructors and identify any missing students.

The Administrator will not allow staff, students or guests to return to the building until the fire department with jurisdiction over the scene has determined that it is safe to do so and given the “All Clear”.

Academy team member responsibilities:

- Take the class roster and first-aid kit and any other supplies or resources relevant to the incident and lead students as quickly and quietly as possible out of the building to the designated assembly area.
- Use alternate escape routes if the regular route is blocked or there is a safety hazard.
- Assist or designate others to assist students with functional needs.
- Close the classroom door and turn out the lights upon exiting and confirm all students and personnel are out of the classroom.
- Take attendance at the assembly area. Report any missing students or staff members and/or any injuries to the Administrator or the emergency response personnel at the scene.
- Keep class together and wait for further instructions.
- Remain in safe area until the “All Clear” signal has been issued.
- No one may re-enter building(s) until it is declared safe by the fire department.

Medical Emergency Procedure. These procedures are in place to assist staff, students and guests in the event of a medical emergency.

The Academy's staff should:

- Quickly assess the situation. Make sure the situation is safe for you to approach (i.e., live electric wires, gas leak, building damage, etc.).
- Immediately notify the Administrator.
- Assess the seriousness of the injury or illness.
- Call or have someone call 9-1-1 immediately. Be prepared to provide the school name and address, exact location (floor, room number); describe illness or type of injury; and age of the victim(s).
- Protect yourself against contact with body fluids (blood borne pathogens).
- Administer appropriate first-aid according to your level of training until help arrives.
- Comfort and reassure the injured person. Do Not Move an injured person unless the scene is unsafe.

The Administrator will direct staff to call 9-1-1, if necessary, and provide appropriate information to emergency responders. The Administrator will send school staff with first responder/ first-aid training to the scene if this has not already occurred. The Administrator will assign a staff member to meet emergency medical service responders and lead them to the injured person, and assign a staff member to remain with the injured person if they are transported to the hospital. If the injured person is a member of Academy personnel or a student, the Administrator will notify parent, guardian, or other appropriate family member of the situation, include type of injury or illness, medical care given and location where the injured person has been transported. The Administrator will ensure that student or staff medical information from administrative records is sent to the hospital. The Administrator will develop and maintain written documentation of the incident.

J. Fire Prevention and Workplace Hazards

It is the responsibility of all faculty and staff to alert the Administrator of any and all conditions that could potentially pose a fire hazard or other unsafe condition in or around the building. No smoking is permitted in the building and flammable chemicals are confined and stored in a locked area, meeting all OSHA requirements. Good housekeeping practices will be the responsibility of all faculty, staff and students. Waste materials are to be discarded in their proper places and all aisles, doorways, hallways and exit doors are to be kept clear at all times.

K. Alcoholic Beverages or Controlled Substances

It is the policy of the Oxford Academy of Hair Design that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol is prohibited while in the workplace, on Academy premises, or as part of any Academy sponsored activities. Any employee or student violating this policy will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution. The specifics of this policy can be found in the Drug Free School Policy.

L. Alcohol and Substance Abuse Education

The Academy has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of information materials, referrals, and Academy disciplinary actions.

A violation of any law regarding drugs or alcohol is also a violation of the Academy's Drug Free School Policy and will be treated as a separate disciplinary matter by the Academy.

M. Sexual Misconduct Policies & Procedures

The Oxford Academy of Hair Design is committed to providing a working and educational environment for all students, faculty and staff that is free from sex discrimination, including sexual misconduct. Sexual misconduct includes sexual assault, sexual harassment and exploitation, domestic violence, dating violence and stalking. Every member of the school community should be aware that the Academy is strongly opposed to sexual misconduct, and that such behavior is prohibited by state and federal laws.

The Academy's Sexual Misconduct Policy describes the Academy's programs to prevent sexual misconduct, and the procedures that the Academy will follow once an incident of sexual misconduct has been reported. This Policy is disseminated widely to the Academy community through publications, the Academy website, new employee orientations, student orientations, and other appropriate channels of communication. Copies of the Policy can be obtained from the Administrator in-person or by calling (203) 888-0097, or downloading from the Academy's website at www.oxfordhairacademy.com. The Academy provides training to key staff members to enable the Academy to handle any allegations of sexual misconduct promptly and effectively. The Academy will respond quickly to all reports of sexual harassment, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

The Academy's Sexual Misconduct Policy governs sexual misconduct involving students that occurs on any Academy property or in connection with any Academy-sponsored program or event. This Policy applies to all students, employees, and third parties conducting business with the Academy, regardless of the person's gender, gender identity, sexual orientation, age, race, nationality, class status, ability, religion or other protected status. The Academy encourages victims of sexual violence to talk to somebody about what happened – so victims can get the support they need, and so the Academy can respond appropriately. As further described in the Policy, the Academy will seek to respect a victim's request for confidentiality to the extent possible, while remaining ever mindful of the victim's well-being.

Counseling, advocacy and support services are available for victims of sexual misconduct, whether or not a victim chooses to make an official report or participate in the Academy's disciplinary or criminal process. Personal counseling offered by the Academy will be limited to initial crisis assessment and referral.

Sexual misconduct crisis and counseling options are available locally and nationally through a number of agencies. Contact information for these agencies is included in the Academy's Sexual Misconduct Policies and Procedures

The Academy's Title IX Coordinator will work with all students affected by sexual misconduct to ensure their safety and support their wellbeing. This assistance may include providing accommodations to support or protect a student after an incident of sexual misconduct and while an investigation or disciplinary proceeding is pending. Such accommodations may include the ability to alter class schedules, withdraw from/retake a class without penalty, and access academic support (e.g., tutoring). The Academy may be able to provide additional interim measures to victims while an investigation is pending, such as no contact orders and changing the alleged perpetrator's class schedule.

N. Sexual Offender Registration

In accordance to the Campus Sex Crimes Prevention Act of 2000, the Clery Act, and the Family Rights and Privacy Act of 1974, the Academy is providing information for where students and employees may obtain information regarding registered sex offenders. The Connecticut Sex Offenders Registry may be found at:
http://www.communitynotification.com/cap_office_disclaimer.php?office=54567.

The Campus Sex Crimes Prevention Act requires institutions of higher education to provide a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders can be obtained.

OXFORD ACADEMY OF HAIR DESIGN DRUG FREE SCHOOL POLICY

The Oxford Academy of Hair Design believes that it is very important to provide a safe environment for all of its students and Team Members. Substance abuse, while at work, school or otherwise, seriously endangers the safety of students and Team Members, as well as the general public, and creates a variety of problems including increased theft, decreased morale, decreased productivity, and a decline in the quality of services provided. It is also our Policy to prevent the use and/or presence of these substances in the school. The Oxford Academy of Hair Design will strive to provide an environment conducive to making conscientious and healthy decisions when students are faced with difficult choices associated with the use of legal and illegal drugs.

It is a violation of school policy for any student to:

- Use illegal drugs or misuse prescription drugs;
- Misuse alcohol;
- Possess, trade, manufacture, distribute, dispense, buy or offer for sale alcohol, illegal and/or prescription drugs while on duty, during break periods, or on school property;
- Arrive or return to school intoxicated from use of illegal drugs, misused prescription drugs or alcohol;
- Engage in the use of illegal drugs, misuse of prescription drugs or alcohol during school hours or while on school property (including parking lots);
- Use prescription drugs or non-prescription drugs that may affect the safety of the student or fellow students, and members of the public;
- Have tampered or attempted to alter or attempt to interfere with the testing procedure; or
- Otherwise has refused to be tested.

For the purpose of this Policy, a student is presumed to be under the influence of drugs and/or alcohol if a urine test, blood test or other scientifically acceptable testing procedures shows a forensically acceptable positive quantum of proof of drugs and/or alcohol usage.

Any student who is taking any prescription or non-prescription drug which might impair safety, performance, or any motor functions must advise his/her Instructor or the Administrator before providing services under such medication.

Students are individually responsible for being aware of applicable laws, regulations, ordinances, and the Academy's policy for complying with them. The Oxford Academy of Hair Design will assist in that endeavor by providing current information on an ongoing basis to all students.

Drug & Alcohol Testing

Reasonable Suspicion Testing:

Reasonable suspicion testing will occur when an Instructor or the Administrator has reason to suspect that a student may be in violation of this Policy. The suspicion must be documented in writing within 24 hours of the event or prior to the release of the test findings. Reasonable suspicion testing may be based upon, among other things:

- Observed behavior, such as direct observation of drug/alcohol use or possession and/or the physical symptoms of drug and/or alcohol use;
- A pattern of abnormal conduct or erratic behavior;
- Arrest or conviction for a drug-related offense, or the identification of a student as the focus of a criminal investigation into illegal drug possession, use, or trafficking. The student is responsible for notification of the Oxford Academy of Hair Design within five (5) business days, of any drug-related conviction;
- Information provided either by reliable and credible sources or independently corroborated regarding a student's substance use; or

- Newly discovered evidence that the student has tampered with a previous drug or alcohol test.

Reasonable suspicion testing does not require certainty, but mere “hunches” are not sufficient to justify testing. To prevent this, all instructors will be trained in the recognition of drug and alcohol-related signs and symptoms. Testing may be for drugs or alcohol or both.

Reasonable Search:

To ensure that illegal drugs and alcohol do not enter or affect the school, the Oxford Academy of Hair Design reserves the right to search all vehicles, containers, lockers, or other items on school property in furtherance of this Policy. Individuals may be requested to display personal property for visual inspection upon the Academy’s request. Searches will be conducted only where the Oxford Academy of Hair Design has reason to believe that the student has violated the Academy’s Policy. Failure to consent to a search or display of personal property for visual inspection will be grounds for discipline, up to and including termination from the program or denial of access to school premises. Searches of a student’s personal property will take place only in the student’s presence. All searches under this Policy will occur with the utmost discretion and consideration for the student involved. Individuals may be required to empty their pockets, but under no circumstances will a student be required to remove articles of clothing to be physically searched.

Student Assistance:

The Oxford Academy of Hair Design holds all students accountable in terms of substance use but also supports getting help for students. Students who come forward voluntarily to identify that they have a substance problem will not be reprimanded. It is important for the student to come to an understanding regarding the extent of the problem in order to correct the problem and be able to avoid future usage in violation of the Academy’s Policy. This is required in order to correct the problem and be able to avoid violating the Academy’s Policy in the future. If the student is willing to actively engage in resolving the substance use problem, the Academy will refer the student to a Substance Abuse Professional for an assessment and possible outpatient counseling at the student’s expense. This leave will be conditioned upon receipt of reports from the treatment providers that the student is cooperating and making reasonable progress in the treatment program. The student will be permitted to return to school only if (s)he passes a drug /alcohol test and has satisfactory medical evidence that (s)he is fit for attendance.

This protection does not cover a student who confesses a problem after an incident or accident that requires a substance use test, or after being notified that a reasonable suspicion test is required.

Specimen Collection, Testing, and Results:

Testing shall be conducted by a trained collection person, who meets quality assurance and chain-of-custody requirements. A student who tests positive will be given an opportunity to explain the findings to the testing professional reviewing the test results. If it is proven the substances are medically necessary to the standards of the testing professional, the test result will be negative. A failure on the part of the student to provide such evidence will result in the issuance of a positive report.

All records of drug/alcohol testing will be stored separately and apart from the student’s general files. These records shall be maintained under lock and key at all times. Access is limited to designated officials. Those designated officials that shall have access to these records are charged with the responsibility of maintaining the confidentiality of these records.

Disciplinary Action:

Violation of this Policy will result in the student’s immediate termination. Re-admittance may be considered after 60 days. To be considered for re-admittance, the student must provide proof of having satisfactorily attended treatment that is provided by a Substance Abuse Professional (SAP) and/or prescribed by a SAP and completed a drug and/or alcohol test, determined by which test was previously positive, with a negative test result. If the student is re-admitted, (s)he must complete the prescribed follow-up testing by the SAP or by law, as applicable, to continue attending the Oxford Academy of Hair Design. Treatment and follow-up testing will be at the expense of the student. The Oxford Academy of Hair Design may terminate a student who has entered a rehabilitation program for violations of the Drug Free School Policy or any other school policy in accordance with the procedures set forth in the Student Catalog.

Confidentiality:

All information, interviews, reports, statement memoranda and drug test results, written or otherwise, received by the Oxford Academy of Hair Design as part of this drug testing program are confidential communications. Unless authorized by state laws, rules or regulations, the Academy will not release such information without a written consent form signed voluntarily by the person tested. Information on drug testing results will not be released unless such information or records are compelled by a court or a professional or occupational licensing board.

Biennial Review:

The Academy will review the drug and alcohol prevention program every two years. Any recommendations/data and or assistance available to substance abusers will be updated and distributed to all students and staff of the Academy.

Notice of Federal Student Aid (FSA) Penalties for Drug Law Violations:

The Higher Education Opportunity Act requires institutions to provide to every student upon enrollment a separate, clear and conspicuous written notice with information on the penalties associated with drug-related offenses under existing section 484(r) of the HEA. It also requires an institution to provide a timely notice to each student who has lost eligibility for any grant, loan, or work-study assistance as a result of penalties under 484(r)(1) of the HEA a separate clear, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility under section 484(r)(2) of the HEA. Students are hereby notified that federal guidelines mandate that a federal or state drug conviction can disqualify a student for Federal Student Aid funds. Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV aid—they do not count if the offense was not during such a period. Also, a conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when he/she was a juvenile, unless the student was tried as an adult.

The Higher Education Act of 1965 as amended (HEA) suspends aid eligibility for students who have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). If you have a conviction(s) for these offenses, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) to complete the "Student Aid Eligibility Worksheet" to find out how this law applies to you.

If you have lost federal student aid eligibility due to a drug conviction, you can regain eligibility if you pass two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education.

By completing the FAFSA, you may be eligible for nonfederal aid from states and private institutions even if ineligible for Federal Aid. If you regain eligibility during the award year, notify your financial aid administrator immediately. If you are convicted of a drug-related offense after you submit the FAFSA, you might lose eligibility for federal student aid, and you may be liable for returning any financial aid you received during a period of ineligibility.

School Flexibility:

The Oxford Academy of Hair Design reserves the right to alter or amend any portion of this policy at any time without prior notice. The Academy reserves the right to alter or modify this policy in a given situation depending on the totality of the circumstances. Time periods stated herein for the performance of any act or provision of any notice by the Academy are for guidance only and failure of the Oxford Academy of Hair Design to strictly meet any time frame provided herein shall not preclude the Academy from taking any action provided herein. Under no circumstances shall failure to perform any act within the time frames herein excuse or relieve any student from his or her obligations, act to nullify any positive test, or relieve any student from the consequences of any positive test, or any other violation of this Policy.
